React.js Essential Training

Jeremy Demers

Full Stack Web Developer Pfizer at Pfizer

Providence County, Rhode Island, United States

Summary

Highly motivated web application developer with experience in workflow automation. Current projects utilize my skills in AI, CNN, DNN, frontend, and backend development. I have fine tuned and trained several convolutional neural networks targeted at solving specific issues. I also have education as a chemical operator trained in process control, Lean 5S Practices, bio-manufacturing, control room simulation, biotech techniques, micropipetting, cell incubation, cGMP, FDA, mechanical, and electrical. Leadership skills, team work, and am very detail oriented.
